# DEFAULT/MINIMAL PROFIL

The image shows the Drupal installation profile selection screen. At the top left, there is the Drupal logo (a blue water drop with a white swirl) and the word "Drupal" in white text on a blue background. Below this, a light blue sidebar contains a list of installation steps: "Choose profile" (with a right-pointing triangle), "Choose language", "Verify requirements", "Set up database", "Install profile", "Configure site", and "Finished". The main content area is white and titled "Select an installation profile". It contains two radio button options: "Drupal" (selected) and "Drupal (minimal)". Below each option is a short description: "Create a Drupal site with the most commonly used features pre-installed." for the first, and "Create a Drupal site with only required modules enabled." for the second. At the bottom of the main area is a rounded rectangular button labeled "Save and continue".

# ALAPÉRTELMEZETT

The image shows a screenshot of the Drupal 7 administration interface. The top navigation bar is blue and contains the Drupal logo, the text 'localhost', and two menu options: 'Add a main menu link' and 'Add a secondary menu link', both of which are circled in red. Below the navigation bar is a breadcrumb trail: 'Home > Create content'. The main content area is titled 'Create Article' and contains several form fields: 'Title: \*' with an empty text input field; 'Tags:' with an empty text input field and a small circular icon to its right, which is circled in red; and 'Body:' with a large empty text area. Below the 'Tags' field is a small text prompt: 'Enter a comma-separated list of words.' To the right of the 'Body' field is a button labeled 'Split summary at cursor'. On the left side of the page is a vertical sidebar menu with a search icon 'a' and the following items: 'My account', 'Create content' (expanded), 'Article' (circled in red), 'Page', 'Administer', and 'Log out'.
